

ALEXANDRA MADALINA DASCALEANU

FRONT-END WEB DEVELOPER

PROFILE

I'm an eager Junior front-end web developer looking to put my skills into practice. I'm passionate about creating user-friendly and visually appealing web experiences, combined with my technical skills in HTML, CSS, Bootstrap, JavaScript, and React.js. I'm confident in my ability to contribute effectively and productively to a company.

My goal is to continually expand my skill set and stay up-to-date with the latest technologies to build responsive, accessible and visually captivating web applications.

EDUCATION

IT School, Timisoara, Romania

Front-end web development | February 2023 - August 2023

Tools: HTML, CSS, Bootstrap, JavaScript, React, GitHub
I acquired a solid foundation in HTML, CSS, JavaScript, React.js, and GitHub. I developed both individual projects, utilizing GitHub for version control and collaboration. By the end of the course, I gained the ability to create functional, user-friendly and responsive websites using these technologies.

Online Courses

Udemy: React course - 55,5 h

Udemy: JavaScript Script - 68,5 h

Udemy: CSS course - 37,5 h

Udemy: Web/Mobile design, UI/UX Design /
Figma 25,6 h

In addition to my formal IT course. I completed several specialized courses on Udemy to deepen my expertise in front-end development. These courses allowed me to build on my foundational skills, covering advanced topics and best practices. As a result, I now have greater confidence in my abilities as a front-end developer.
